OASIS FOUNDATION

Oluwatohungbogbo Akinbo Support Initiative Scholarship Foundation

...Nurturing Talent, Inspiring Excellence, Building Futures

OASIS Foundation Working Manifesto & Activity Plan

VISION

To create a sustainable future where every bright student, regardless of financial background, has access to quality education and medical care, fostering excellence in education, vocational careers, and innovation.

MISSION

To support and empower bright students facing financial hardships, sponsor public medical outreach programs, and encourage excellence across educational and vocational fields through scholarships, mentorship, and community programs.

Core Values

- **Empowerment:**
Empower individuals to achieve their full potential.
- **Excellence:**
Strive for excellence in education, healthcare, and innovation.
- **Sustainability:**
Promote sustainable practices in all initiatives.
- **Integrity:**
Maintain transparency and honesty in all our activities.
- **Inclusivity:**
Ensure all activities are accessible and inclusive.

Strategic Goals

Educational Support:

Provide scholarships, educational resources, and mentorship to bright students in need.

Vocational Training:

Encourage and support vocational training programs to enhance employability and innovation.

Sustainability and Growth:

Ensure the long-term sustainability of the foundation through effective resource management and strategic partnerships

Medical Outreach:

Sponsor and organize medical outreach programs to provide essential healthcare services to under-served communities.

Community Engagement:

Foster a supportive community environment through various outreach programs and activities.

Introduction

The OASIS Foundation is a beacon of hope and support for under-served communities. Established with the mission to alleviate poverty, provide essential healthcare services, and foster educational opportunities, the foundation has made a significant impact in many lives Through its three main pillars—charity, medical outreach, and scholarships — OASIS Foundation is committed to building a better and more equitable world.

Brief History of OASIS Foundation

The OASIS Foundation was established in loving memory of late Mrs Oluwatohungbogbo Toluwalope Akinbo, (1977 – 2024), a triple-qualified registered, midwife, and ophthalmic nurse. Toluwalope's career spanned from 2006 to 2024 at the Lagos State Ministry of Health, where she dedicated her life to serving others with unmatched empathy, professionalism, and a joyful spirit. She was an Assistant Director of Nursing Services till her passing away.

Oluwatohungbogbo, affectionately known as Tohun, was not only a skilled healthcare professional but also a beacon of positivity and compassion.

Her dedication to patient care and her ability to uplift those around her left an indelible mark on her colleagues and patients alike. Her energy and passion for humanity were evident in every aspect of her work and life.

In April 24th, 2024, after a courageous year-long battle with Acute Myeloid Leukemia (AML), Tohun passed away. Her passing left a void in the hearts of all who knew her, but her legacy of compassion and dedication lives on through the OASIS Foundation.

The foundation has been active for over 25 years through the generosity of Mr & Mrs Akinbo, mainly as educational support scholarship, medical expenses intervention and other charity work to anyone in the society and mainly those in their religious group and sphere of influence. Support for total strangers across the country have been done well. It was registered and named to continue Tohun's passion of making a positive impact on the lives of those less privileged and often disadvantaged by financial constraints.

In its formal registration and rebranding, It focuses on three main pillars: charity, medical outreach, and scholarships, reflecting Tohun's lifelong commitment to helping others. Through these initiatives, the OASIS Foundation aims to honor Tohun's memory by providing essential support to underserved communities, offering medical care to those in need, and empowering young individuals through education.

Tohun's spirit of generosity, her unwavering dedication to her profession, and her profound empathy for humanity remain the driving forces behind the OASIS Foundation. Her legacy continues to inspire and uplift, ensuring that her passion for helping others endures.

Charity Initiatives

At the heart of the OASIS Foundation's work is its commitment to charity. The foundation recognizes that poverty is a multifaceted issue that requires comprehensive solutions. As such, it aims to implement a variety of programs designed to meet the immediate needs of individuals while also promoting long-term sustainability.

One of the key initiatives is the provision of basic necessities such as food, clean water, and shelter. Through partnerships with local organizations and volunteers, the foundation aims to distribute food supplies to families in need, ensuring that no one goes hungry. Clean water projects, including the installation of wells and water filtration systems, will be implemented in communities lacking access to safe drinking water.

Additionally, the OASIS Foundation will focus on economic empowerment. It will offer micro-loans and business training to aspiring entrepreneurs, helping them to start or expand small businesses. This will not only provide a source of income for individuals but also stimulate local economies, creating a ripple effect of positive change.

Medical Outreach Programs

Access to quality healthcare is a fundamental human right, yet millions around the world and in our environment are deprived of this necessity. The OASIS Foundation's medical outreach programs aim to bridge this gap by bringing essential healthcare services to underserved areas.

Mobile clinics will be a cornerstone of the foundation's health care efforts. These clinics will travel to remote and rural areas, offering free medical consultations, treatments, and medications. Volunteer doctors, nurses, and healthcare professionals will dedicate their time and expertise to serve those in need, addressing a range of health issues from common illnesses to chronic conditions.

The foundation also places a strong emphasis on preventive care and health education. Workshops and seminars will be conducted to raise awareness about hygiene, nutrition, and disease prevention. By educating communities on these topics, the foundation empowers individuals to take proactive steps in maintaining their health and well-being.

In addition to direct medical services, the OASIS Foundation will support local healthcare infrastructure. This includes donating medical equipment to hospitals and clinics, training healthcare workers, and funding the construction of healthcare facilities. These efforts aim to ensure that communities have the resources they need to provide ongoing care.

Educational Support & Scholarship Program

Education is a powerful tool for breaking the cycle of poverty and creating opportunities for a brighter future. The OASIS Foundation's scholarship programs are designed to make education accessible to students who face financial barriers.

The foundation already offers scholarships at various educational levels, from primary school to university. These scholarships cover tuition fees, textbooks, uniforms, and other related expenses, relieving the financial burden on students and their families. By investing in education, the foundation helps young people to achieve their academic potential and pursue their career aspirations.

Beyond financial support, the OASIS Foundation provides mentorship and guidance to scholarship recipients. Mentors work closely with students, offering advice, support, and encouragement. This holistic approach ensures that students not only succeed academically but also develop the skills and confidence needed to thrive in their personal and professional lives.

The OASIS Foundation over the years have dedicated special attention to kids development and working to help them develop valuable character traits that prepare them to relate well to rules and regulations which seem to be a major part of their young lives.

OASIS Foundation's Youth Development Initiatives focus on instilling a strong moral foundation in children in a relaxed natural fun environment through a comprehensive understanding of God's laws. Central to this mission is the program "Growing Kids God's Way," which emphasizes teaching children the moral reasoning behind these laws, rather than simply instructing them to follow rules.

Through engaging lessons and activities, the initiative encourages children to explore the reasons behind God's teachings, helping them develop critical thinking skills and a personal connection to their faith. By understanding the "why" of God's laws, children learn to appreciate the values of love, respect, and responsibility, fostering a deeper sense of empathy and community.

The program incorporates interactive discussions, storytelling, and practical applications, allowing children to see how these moral principles manifest in everyday life. Ultimately, the OASIS Foundation aims to empower the next generation to live out their beliefs with integrity and purpose, shaping them into compassionate leaders who can positively impact their communities.

Vocational Training

Recognizing the importance of vocational skills in today's economy, the OASIS Foundation encourages and supports vocational training programs. These programs are designed to enhance employability and innovation, providing individuals with practical skills that can lead to sustainable employment and entrepreneurship opportunities.

Vocational training programs offered by the foundation include courses in fields such as information technology, healthcare, construction, and hospitality. By equipping individuals with these skills, the foundation will help them to secure stable jobs, improve their livelihoods, and contribute to their communities' economic growth.

Community Engagement

Community engagement will be a vital component of the OASIS Foundation's approach. By fostering a supportive community environment through various outreach programs and activities, the foundation strengthens social bonds and encourages collective action towards common goals.

The foundation will organize community events such as health fairs and educational workshops. These events not only provide valuable services and information but also bring people together, fostering a sense of unity and shared purpose. Additionally, the foundation encourages volunteerism, enabling community members to actively participate in and contribute to its initiatives.

Sustainability and Growth

Ensuring the long-term sustainability of the OASIS Foundation is a key strategic goal. The foundation is committed to effective resource management and strategic planning to achieve this.

One aspect of sustainability is financial stability. The foundation seeks to diversify its funding sources through grants, donations, and partnerships with businesses and other organizations. By building a broad base of support, the foundation can ensure that its programs continue to thrive and expand.

Another aspect is environmental sustainability. The foundation will integrate environmentally friendly practices into its projects, such as promoting the use of renewable energy and sustainable techniques. By doing so, it aims to create lasting change that benefits both people and the planet.

Future Goals & Vision

The OASIS Foundation is continually evolving to meet the changing needs of the communities it serves. Looking to the future, the foundation aims to expand its reach and deepen its impact. This includes scaling up existing programs and launching new initiatives to address emerging challenges.

One of the foundation's key goals is to enhance its focus on sustainability. This involves implementing programs that promote environmental stewardship and resilience, such as renewable energy projects and sustainable agriculture training. By integrating sustainability into its initiatives, the foundation aims to create lasting change that benefits both people and the planet.

Another priority is to strengthen partnerships and collaborations. The OASIS Foundation recognizes that addressing complex social issues requires collective action. By working with governments, NGOs, businesses, and local communities, the foundation can leverage resources, expertise, and networks to maximize its impact.

Conclusion

The OASIS Foundation stands as a testament to the power of compassion and the potential for positive change. Through its charity, medical outreach, and scholarship programs, the foundation aims to keep making a tangible difference in the lives of countless individuals. As it continues to grow and evolve, the OASIS Foundation remains steadfast in its commitment to creating a world where everyone has the opportunity to thrive.

Impact and Success Stories

The impact of the OASIS Foundation's work is evident in the stories of the individuals and communities it has touched. One such story is that of a widowed mother Mrs. E.N in the depths of depression who wanted to commit suicide. The 52 year old woman said she just saw the number online and sent a message as she did to so many random numbers out of desperation. She had lost a teenage child's life due to inability to pay a small medical bill. She has a daughter and was unable to feed or pay rent. She was contemplating suicide when she decided to reach out to anyone who could help with a job, even if it was cleaning or washing clothes.

She was visited by a co-worker then, her story and situation verified, and she was supported with house rent, a shop, food and provisions as well as money to setup and do business. Attached in this document are screenshots of her gratitude expressed. There are many more like that. People whose medical expenses were cleared, children's school fees paid for fully or in part and more.

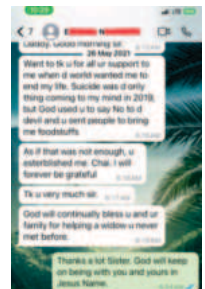

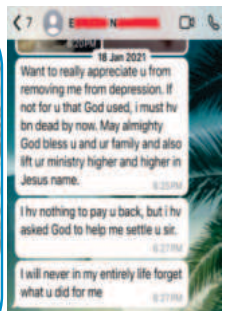

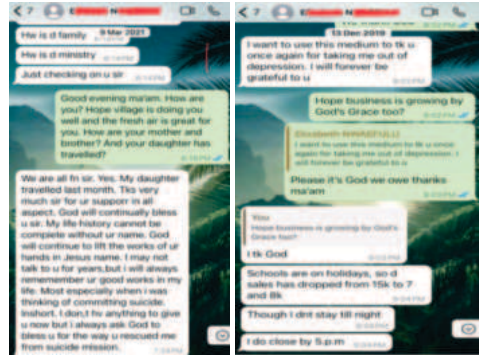

We have provided financial support for students who gained admission into tertiary institutions and would not have been able to proceed without financial support. Subsidized school fees, and provided continuous upkeep for students. We have a standing continuous scholarship for students in higher institutions from financially challenged parents who maintain a CGPA above 3.5 or a minimum of Second Class Upper to encourage academic excellence.

One of the scholarship recipients, Miss A had a dream of becoming a graduate but the dream was at risk due to financial constraints. With the support of the OASIS Foundation, she completed her first degree and is now a professional, gainfully employed individual giving back to her family and helping others in need.

We have over the years supported individuals with disadvantaged circumstances to acquire vocational skills, secure jobs, establish businesses and much more. So, while the name may be newly registered, the first registration being in June 2023, and rebranded in April 2024 in honor of Mrs Akinbo, the couple have been doing the little they can over the years as earlier stated to light a candle in the dark world.

The above stories are just some of many that highlight the life-saving impact of the foundation's support and scholarship initiatives and medical outreach programs.

SIGHTS FROM SOME OF OUR ACTIVITIES

How to Support Oasis Foundation

Your support enables Oasis Foundation to continue its vital humanitarian work, helping vulnerable communities and individuals in need.

You can support us in the following ways:-

Donations: Financial contributions help fund our projects, provide essential resources, and deliver emergency relief. Donations can be made through our website or directly to our accounts.

Volunteering: We welcome volunteers who are passionate about making a difference. Whether in the field or in administrative roles, your time and skills can help further our mission.

Partnerships: Organizations and businesses can collaborate with us through funding, joint initiatives, or in-kind support.

Advocacy: Spread the word about our cause by sharing our work within your network. Raising awareness can lead to greater support and impact.

Every contribution, no matter the size, helps us create a brighter future for countless lives. Partner with us today and be a part of this transformative journey.

Transparency

As a donor, you are subscribed to our e-Newsletter detailing what we are doing and how we are using the monies you donate. You will have the option to opt out/unsubscribe from receiving the Newsletter on receiving it for the first time to ensure we have your consent for continued subscription.

How to Donate

Use our Corporate Account as below:

OLUWATOHUNGBOGBO AKINBO SUPP INIT

BANK: Zenith Bank PLC

ACCT # 1313630117

Privacy Policy for Oasis Foundation

At Oasis Foundation, we are committed to respecting and protecting the privacy of individuals whose personal data we collect in the course of carrying out our humanitarian work. This Privacy Policy outlines how we handle, store, and protect any personal information collected as part of our activities.

1. Data Collection

We collect personal data from individuals and communities to effectively deliver humanitarian aid and services. This may include:- Contact information (e.g., name, phone number, email), Demographic information (e.g., age, gender, location) and Health or socioeconomic data, where relevant to the services provided

2. Use of Data

The data we collect is used solely to:- Provide humanitarian assistance and relief services, monitor and evaluate the effectiveness of our programs, Communicate with beneficiaries regarding services, updates, or emergencies and comply with legal or regulatory obligations

3. Data Sharing

We do not share personal data with third parties unless:- It is required to deliver services (with partners or contractors who adhere to similar privacy standards), we are legally obligated to do so (e.g., government authorities or in response to legal processes), and the individual has given consent

4. Data Security

We take reasonable steps to protect personal data from unauthorized access, disclosure, alteration, or destruction. We implement physical, technical, and administrative safeguards to ensure the security of data collected.

5. Data Retention

Personal data is retained only as long as necessary to fulfill the purposes for which it was collected or as required by law. When no longer needed, data is securely deleted.

6. Individual Rights

Individuals have the right to access, correct, or delete their personal data held by Oasis Foundation. Requests can be made by contacting us via the details provided below.

7. Changes to the Policy

Oasis Foundation may update this policy periodically. All changes will be communicated through our official channels. For further inquiries or to exercise your data rights, please contact us at:
